## NSC Graduate Nurse Selected for HOPE

Mavis Pate, a 1952 graduate of NSC, was one of the first of 16 nurses selected as members of the medical staff of Project HOPE—a modern hospital ship equipped as a medical training center to Southeast Asia.

Miss Pate, a graduate of the School of Nursing, is one of more than 1,500 physicians, nurses, and medical technicians who have volunteered for Project HOPE.

A native of Ringgold, she is the daughter of Mrs. J. H. Oden and the late J. B. Pate.

The 230-bed ship, the SS. HOPE, left for Indonesia and Viet Nam this summer. The program is a non-government project that depends on contributions from the American public, industry, business, and labor needed to operate the ship for a year.

## Plans Being Made For New Entrance

Plans are now being submitted for an anticipated new entrance to Northwestern State College. O. J. Hanchey, associate professor and head of the Art Department, and Mrs. John S. Kyser have made sketches that are to be submitted to an architect.

R. J. Stoker, principal of Pleasant Hill High School and president of the Alumni Association, made the original suggestion for a new entrance.

The new structure, when completed, will attract attention to the campus from passers-by and will present a more pleasing impression than the present entrance.

Secretary J. W. Webb said that some of the money to be supplied by the newly-passed amendment to the student constitution would possibly be used for this project.

## First Meeting of Foundation Board Held Aug. 3; Plans for Future Made

In opening the meeting, Holland stated that it was an honor to be charter members of the board and issued a challenge to the board to "work diligently to take advantage of the opportunity

to render service, not only to Northwestern but also to education in general."

NSC President John S. Kyser told the group that "financial problems of the College occupy most of my time and I am confident that this group will resolve many of the problems."

Members of the Board reviewed the functions of the Foundation, which are broadly outlined in the constitution as follows: to promote the educational and general welfare of Northwestern State College; to afford financial assistance to students, sponsor research and advanced study; to solicit, receive and administer contributions which will be employed toward the benefit of the College, its faculty, and its students; and to interpret the aims, objectives, and needs of the College.

## NSC ROLLS OUT 1960 HOMECOMING CARPET

A highlight of 1960 Homecoming activities at Northwestern State College will be the presentation of the Homecoming Queen and her court. The 1960 Queen is Miss Jo Ann Robinson of Lake Charles, seated at center. Members of the court are, seated left to right, Pauline Ford, Pineville; Yvonne Nettles, Minden; Miss Robinson; Ann Gray, Homer, and Carolyn Hall, Minden, and standing left to right, Carolyn Jacobs, Shreveport; Eleanor Wall, Carthage, Tex.; Anita Pierce, Natchitoches; Margaret Barousse, Baton Rouge; Nancy Bradley, Plain Dealing, and Sue Norman, Shreveport. Presentation will be made in ceremonies preceding the NSC game against Southwestern Louisiana University, which begins at 2:15 p. m. on Nov. 12.

"From 30 to 3,000" is the theme for the 1960 Homecoming at Northwestern State College, and a full slate of activities has been planned for alumni visiting the campus on Homecoming Day, Nov. 12.

The theme points to the progress Northwestern has made since 1885, growing from a total of 30 students, faculty members, and administrators to its 3,000-plus enrollment announced this Fall.

Returning alumni will have an opportunity to observe signs of progress at every turn. Classes being honored this year are those from 1910, 1920, 1930, 1940, 1950, and the Spring and Summer classes of 1960.

Even the last-named classes, whose graduations were only a few months ago, will be able to observe signs of progress. Dormitory construction will be one of the signs the latest alumni will behold.

The proverbial red carpet is being readied and plans for a full

day's activities have been completed. Alumni registration and coffee will get things started from 8:30 to 10 a. m. in the Varnado Hall Drawing Room.

At 10 a. m., the annual Homecoming parade will commence, featuring attractive floats representing various campus organizations.

The Alumni Board of Directors will meet from 10:30 to 11:00 a. m. in the Alumni Office in Caldwell Hall. Following that meeting, the NSC Foundation Board of Directors will meet at the same office.

St. Denis Cafeteria will be the scene of the Alumni Luncheon from 11:45 a. m. to 11:15 p. m.

Pre-game ceremonies for the football contest between the NSC Demons and the Southwestern Louisiana University Bulldogs get underway at 1:45 p. m. Game time is set for 2:15 p. m.

## Demon Eleven Hosts USL Bulldogs In 47th Gridiron Meeting Since 1909

Highlight of 1960 Homecoming activities at Northwestern State College will be the Demon Stadium grid battle between the host Demons and the University of Southwestern Louisiana Bulldogs. Kickoff time for the contest is set for 2:15 p. m.

The Homecoming game will be the 47th meeting between the two teams, with the Bulldogs from Lafayette holding a slight 23-21-3 edge in the series.

Last year, the Demons helped Southwestern celebrate its Homecoming by losing a 34-14 decision. Coach Jack Clayton's charges will

be trying for revenge and attempting to get the ancient rivalry close to an even mark in the won-lost columns.

The Demons started the 1960 campaign impressively by shutting out Stephen F. Austin, 14-0, but then dropped their second game by a 21-13 margin to Lamar Tech of Beaumont, Tex.

A fourth quarter rally gave the NSC squad a 14-6 triumph over Louisiana College in the third game, but the Demons faltered the next weekend in losing a close decision to Northeast State, 7-6.

(Continued on Page 2)

Northwestern State College's cheerleaders have a bit of fun with the latest edition of the NSC mascot—a huge Demon head flashing red eyes, smoke-filled nostrils, and shrieking sounds erupt from the Demon each time NSC scores. The cheerleaders are (kneeling) Ruth Richardson of Shreveport and Jack Brossette of Greenwood, and (standing), left to right, Jerry Ainsworth, Patsy Lowderback and Roy Hyatt, all of Shreveport, and Barbara Dowden of Oil City.

## HOW YOU CAN HELP

*At an early date you will receive a brochure giving you the details of The Northwestern State College Foundation. I sincerely hope that you will read it carefully and give every consideration to becoming a partner in developing a greater N. S. C.*

It is now apparent that the demands being made upon Northwestern State College by its ever-increasing student body cannot be met solely by legislative appropriation. By contributing to the Northwestern State College Foundation, donors will assist the institution to operate more effectively.

As a donor you will have the privilege to specify how your gifts should be used; however, as the institution's needs are constantly changing, unrestricted donations will better meet the needs throughout the years, and are therefore encouraged.

Contributions may be made either in one outright payment or on a long-term subscription basis. A minimum contribution of \$5 entitles the donor to a "Sustaining Membership," whereas, a minimum contribution of \$50 entitles the donor to a "Founding Membership." Either type of member-

ship entitles the donors to equal participation in the operation of the affairs of the Foundation.

Although memberships are classed as above, the Foundation will gladly accept contributions in any amount from private corporations and individuals.

As authorized by the articles and by-laws of the Foundation, the Board of Directors has the power to interpret the needs of the College and invest, loan, or grant the money as it feels will be advantageous to Northwestern State. An annual audit and report will be made to those who contribute so that they may learn of the Foundation's activities.

In addition to making contributions, friends of Northwestern are requested to support the Foundation's growth by soliciting contributions from others. The idea of fund-raising is new at Northwestern; however, many institutions have conducted drives for a number of years and have benefited from contributions received. Won't you assist Northwestern to better meet the challenge of higher education?

*Ed. R. R. R.*

On resolution of the Board of Directors on April 9, 1960, notes receivable in the amount of \$7,197.12 were written off as uncollectible. However, \$851.55 has been collected since adoption of this resolution. The Board also authorized removing the Williamson Museum from the financial statement, which has been valued at \$25,000.00. The above statement, in my opinion, represents the true financial condition of the N. S. C. Alumni Fund as evidenced by records on file in the Alumni Office, to date of October 12, 1960.
